The meeting was called to order by President Dwyer at 7:05PM. Treasurer Don Ramsey reported that \$2690 has been spent on the new tractor shed and about \$800 on the existing buildings. The land balance is \$9486.

MINUTES of last meeting were approved as published in the May news letter.

OLD BUSINESS: VP Max Taylo reported on the status of the construction work and requested help for painting. Don Ramsey discussed the plans for the June 4-5 Pattern Contest. A judging seminar has been conducted to up date the proposed judges. The judges, scribes, concession help and other helpers are pretty well organized and all system are on go!

A vote was held on passing all the proposed constitution changes in one ballot. This vote failed due to some changes that were thought not necessary. A motion was then made and seconded that another vote be taken on each individual article change.
